

# Zilch Mobile App

## Development of Cross-Platform Mobile Application to complement Website

**Landlord**

Uses Zilch to get cover for damages, unpaid rent and possible eviction admin fees

while simultaneously bringing the cost for tenants to rent their property down (increasing demand).

**Tenant**

Uses Zilch to avoid paying an exorbitant upfront rental deposit, enabling them to afford the property they want.

Benefits from add-ons such as building their ratings reputation and viewing and submitting ratings on their landlord.
